*"Protecting the environment for tomorrow"*

## A LEADER IN GREEN CHEMISTRY SINCE 1996

Our products can be used in a variety of industries and settings including **Automotive, Aviation, Government, Energy, Institutions, Marine, Mining, Manufacturing, Pulp and Paper and Transportation** and they are guaranteed to perform as directed.

**Lord & Partners Ltd.** is a leading manufacturer and supplier of environmentally responsible solvents, cleaners and specialty products which are Non WHMIS and Non Regulated (USA). Our cleaners and degreasers are all naturally derived, biodegradable, non-toxic, non-flammable (according to certification criteria CCD-146 Hardsurface Cleaners) and they are efficient and cost effective.

**A company working today to protect the future, protecting health and the environment. We as inhabitants of the planet earth have an obligation to leave the planet in a healthier condition than we have for the last 100 years.**

Today **Lord & Partners Ltd.** is the leading manufacturer of environmentally responsible cleaners and solvents in Canada. We manufacture over 100 products, *eleven of which are certified with* North America's oldest environmental standard **EcoLogo<sup>M</sup>**.

Lord & Partners Ltd. was established in 1990 out of the founders concern that chemical cleaners and solvents manufactured for Industrial, Commercial and Institutional cleaning and degreasing needed to be safer for the worker and the environment. One of Lord & Partners Ltd. first accounts was Algonquin Park, the largest provincial park in Ontario. Their need for products that were safe for animals, plants and people was responsible for the development of our mission to ***"Protect the Environment for Tomorrow"***.
