SKINNER PROPERTIES

WE believe in acting in the best interest of the youth, artistic community and economic future of Muskoka.
WE believe in creating an environment that is collaborative and expressive.
WE believe people, cultures, environment and economics are closely interrelated and interdependent.
WE believe in building on the strengths of our children for the future of Muskoka, Canada and the World.
WE believe in cooperating with like minded organizations and individuals.
WE believe in the future and know the best is yet to come.

Don and Jen Skinner, who jointly own and run Skinner Properties, focus on design, construction, adaptive reuse and the leasing of retail, professional and residential venues to almost 200 end users. As owners of multiple historic properties in downtown Bracebridge, their companies employ best practices in construction, environmental values and fair practices. In summer of 2009, they opened Six Degrees Muskoka, a not-for-profit venue focused on creative thinking, learning, arts and culture.
