We provide a public membership list which includes your name, phone number, website or blog, and location (city only). If you do **NOT** wish to be included in this list please put an 'X' in the **NO** column.

As a member, would you be open to volunteer opportunities such as helping with a phone tree, show set up and tear down, delivering flyers, managing information booths or donation boxes at shows, assisting directors with show events, hosting a workshop, giving a demo, writing articles, or even a position on the board of directors?

Communication with members is primarily by email. If you are unable to receive email notifications or our newsletter please indicate this by placing an 'X' in the **NO** box. We will then refer your phone number to our Phone List.
